AMENDMENT

Dear Sir:

In response to the Office Action of October 3, 2002 the following amendments and remarks are made relative thereto, and reconsideration by the Examiner is respectfully requested.

VERSION WITH MARKINGS TO SHOW CHANGES MADE

In the Claims

RECEIVED
MAR 17 2003
GROUP 3600

Please amend the claim as follows:

1. A corneal contact lens comprising:

a central zone having a at least first curvature;

at least a first annular zone located concentrically around said central zone, said

first annular zone ~~being integral with said central zone and having~~ at least a

second curvature, wherein the origin of said first curvature and the origin of said

second curvature are not coaxial.

Please cancel claim 3 without bias or prejudice.
